On acceptance onto ESADE's Full Time MBA Program, I was rewarded The ESADE MBA Leadership Scholarship. This Scholarship is open to applicants of all professional backgrounds, and candidates are expected to have a proven track record of leadership and must actively contribute to the ESADE MBA community during and beyond their time here. I was also very lucky to be rewarded a scholarship for my internship with The Clinton Foundation this summer. ESADE and The Clinton Foundation have a great relationship, and one ESADE MBA student per year is sponsored to work on one of their international development projects. My project was with The Clinton Health Access Initiative, and I spent 12 weeks working in Haiti.

The scholarships offered to me by ESADE have greatly contributed to the opportunities and diversity of experiences I've been exposed to during my time here. It's a special experience, to be attending a school that functions as a true meritocracy, where potential, hard work and contribution are continuously rewarded
