Course Goals

Apply and extend to an open economy framework the training provided by the previous econ courses, in order to analyze and understand the evolution of the global economic environment.

Program Learning Objectives

GEL23-Bachelor of Global Governance, Economics and Legal Order

- General Management Skills
 - Recognise the economic, legal and social concepts that define the context of different stakeholders in the context of international relations and global governance.
- Economic Analysis
 - Assess the behaviour of different actors (governments, companies and international organisations) through economic analysis and available empirical evidence.
G30:H37
 - Interpret economic reality by incorporating economic models from a critical thinking perspective.
 - Discuss, from both microeconomic and macroeconomic perspectives, the consequences of different economic policy alternatives for the actors involved.
