Description

Course contribution to program

"80% of projects sold at Deloitte Digital require Agile & Scrum methodologies?
The management profession is about getting things done. While ESADE gives you a holistic approach to the management profession, this elective will teach you specific agile project management tools and skills to get things done within organizations in a changing and digital environment.

This elective course aims to approach the Scrum & Agile scope from two perspectives: learning from lecturers' Careers; and exploring how to manage Digital projects using the newest tools and frameworks like Scrum or Kanban.
