

## Business Law I

UGRA\_016391

---

Departments	Department of Law
Language	English, Spanish, Catalan
ECTS	6
Lead faculty	Adell Martinez Jordi - jordi.adell1@esade.edu

---

### Course goals

Upon successfully completing this subject, students will have acquired the essential decision-making skills in the legal realm related to business activity, developing the basic criteria to be able to understand and value advice from legal professionals and their actions.

### Previous knowledge

No prior legal knowledge or training in business administration is required to successfully complete this subject.

### Prerequisites

There are no specific prerequisites to enroll in this subject.

### Recommended subjects

After completing this subject and successfully developing the skills taught, students can expand their training in the Business Law area by enrolling in the "Business Management Law" elective.

### Teaching methodology

This subject combines lecture classes, in which faculty present and discuss various legal concepts, and practical sessions, in which students work in teams to reflect on and apply the concepts addressed in lectures to different case studies.

### Description

### Course contribution to the program

This subject provides students with a basic understanding of the legal regulations which apply to their strategic decisions and business management efforts. Consequently, by offering this subject at the start of the program, students will be able to apply this content as they further develop their competencies throughout the program.

### Brief description

This subject provides students with insights on required legal structures and the limits they have to consider when initiating or further developing any business economic activity.

## Learning outcomes

### BBA25-Grado en

### Dirección de

### Empresas (BBA) /
